Lot

Zoning District:

Lot Size:

Acres of Wetlands

Is any portion of the property within 500 feet of the Town Boundary YES NO

Please list the titles and dates of site plans, drawings and any reports that you are submitting as part of this application and accompany this form. Please refer to section 7 of the Stonington Inland Wetlands Regulations ("Application Requirements").

Please list any permits that have been issued or will be required to complete the work on this property (include the dates previous permits were issued). If this is an application for re-subdivision, please list the name of the original subdivision and the date it was approved by the Inland Wetlands Commission and the Planning & Zoning Commission.

Purpose and Description of Proposed Activity:

Alternatives Considered:

Why proposal to alter wetlands was chosen:

COMPLETE THE FOLLOWING IF APPLICABLE:

The area, in acres & cubic yards, of upland area, wetland and/or watercourse disturbance proposed:

Upland area	Wetland and/or watercourse
-------------	----------------------------

The amount and precise nature of material being deposited or extracted, in acres and cubic yards:

Upland area	Wetland and/or watercourse
-------------	----------------------------

Soil Types:

The types and extent of plant and animal species on the property and the probable effect of the proposed activity on these species:

The present character of any watercourse and probable effect of the proposed activity on it. If pollution may result, give a chemical analysis of the pollutant and the probable effects on the plant and animal life in the affected area:

Proposed measures to be taken to minimize or avoid any adverse impact on the regulated area:

The Inland Wetlands Commission will notify the applicant if any additional information may be required, and will schedule a public hearing if a significant activity is determined by the Commission. A Significant Impact Activity Fee/Public Hearing must be submitted by the applicant prior to the scheduling of a public hearing. The applicant may submit other supporting facts or documents which may assist the Commission in its evaluation of this application.

PLEASE NOTE: Inland Wetlands and Watercourses must be field identified prior to the Commission's site walk. Field identification must be conducted by a soil scientist (WR 7.5l)

The undersigned owner hereby consents to necessary and proper inspections of the above-mentioned property by agents of the Commission at reasonable times both before and after a permit is granted by the Commission.

The undersigned declares all information supplied is accurate to the best of his knowledge and belief. If such information subsequently proves to be false, deceptive, incomplete, or inaccurate, the permit may be modified, suspended, or revoke, by the Commission or its agents.
